

BREEZE
BLOCKS.

by SHAWTEC

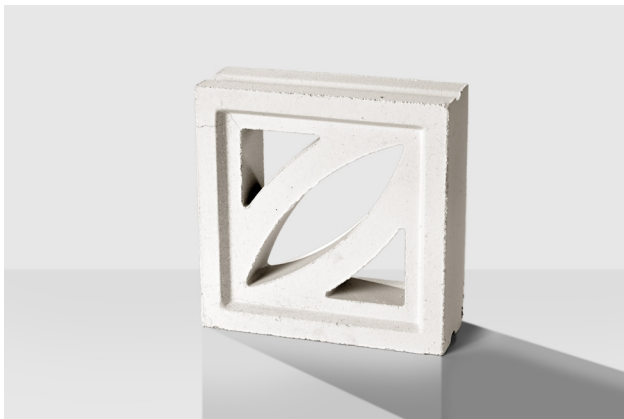

Breeze Blocks, also known as Ventilation blocks, are the perfect fusion of functionality and aesthetics. Inspired by East Asian and Middle Eastern cultures, these blocks not only ensure privacy but also optimize airflow and natural light – key elements in modern architecture.

LEAF BREEZE BLOCK

ITEM CODE: VH007-W

Organic Flow. Contemporary Texture.

Inspired by natural forms, the Leaf Breeze Block introduces softness and movement into architectural spaces. The curved opening allows light and airflow to filter through while maintaining privacy and visual interest. Its organic design works beautifully across modern residential, hospitality, and landscape applications. Manufactured in white cement with a smooth white painted finish, the Leaf block can also be painted in any custom colour to suit your project palette — offering greater flexibility than traditional clay breeze blocks.

MAZE BREEZE BLOCK

ITEM CODE: VH010 -W

Bold Geometry. Modern Character.

The Maze Breeze Block features a striking geometric pattern designed to create depth, structure, and architectural rhythm. Perfect for contemporary spaces, the design balances airflow and privacy while adding a strong visual statement.

Its versatile white cement finish can be painted in any colour, allowing designers and homeowners to customise the look to complement any architectural style.

SPECIFICATIONS

- Size: 190 × 190 × 65 mm
- Material: White cement
- Finish: White painted finish
- Suitable for interior and exterior use
- Minimum order quantity: 5 blocks (1 box)

IDEAL APPLICATIONS

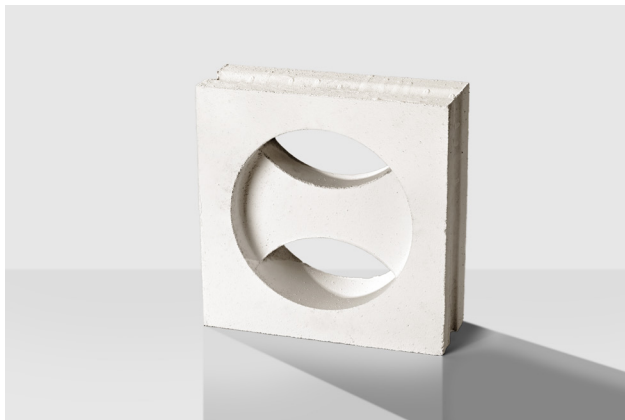

- Privacy screens
- Facade detailing
- Feature walls
- Outdoor entertainment areas
- Commercial interiors
- Modern landscaping

MOON BREEZE BLOCK

ITEM CODE: VH017-W

Soft Curves. Timeless Design.

The Moon Breeze Block combines gentle curves with contemporary simplicity to create elegant architectural screening. Its rounded form softens hard surfaces while allowing natural light and ventilation to move freely through a space.

Ideal for both residential and hospitality projects, the Moon design brings warmth, texture, and a refined modern aesthetic to any environment.

SPECIFICATIONS

- Size: 190 × 190 × 65 mm
- Material: White cement
- Finish: White painted finish
- Suitable for interior and exterior use
- Minimum order quantity: 5 blocks (1 box)

IDEAL APPLICATIONS

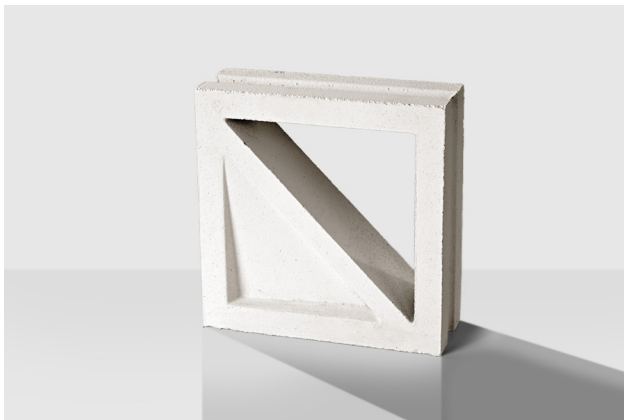

- Courtyard walls
- Decorative screening
- Feature facades
- Interior partitions
- Outdoor living spaces
- Hospitality projects

CONNECT BREEZE BLOCK

ITEM CODE: VH018

Seamless Pattern. Architectural Impact.

Designed around connectivity and repetition, the Connect Breeze Block creates a clean, flowing pattern when installed across larger surfaces. The structured geometry offers a balance of openness and privacy while adding architectural detail and texture. Its paintable white cement finish allows complete colour customisation to suit both bold and minimal design palettes.

SPECIFICATIONS

- Size: 190 × 190 × 65 mm
- Material: White cement
- Finish: White painted finish
- Suitable for interior and exterior use
- Minimum order quantity: 5 blocks (1 box)

IDEAL APPLICATIONS

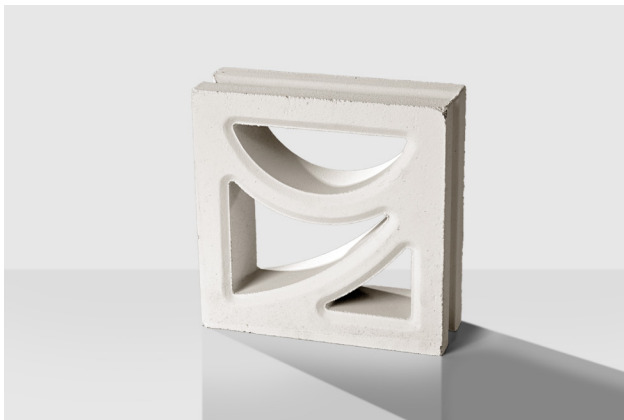

- Feature screening
- Modern facades
- Garden walls
- Stairwell screening
- Decorative partitions
- Retail and hospitality spaces

CURVED BREEZE BLOCK

ITEM CODE: VH019-W

Sculptural Simplicity. Modern Versatility.

The Curved Breeze Block introduces soft architectural lines and subtle movement into contemporary spaces. Its elegant form creates beautiful shadow play while promoting airflow and natural ventilation.

Perfect for feature walls and decorative screening, the Curved design adds a refined and modern touch to both indoor and outdoor environments.

SPECIFICATIONS

- Size: 190 × 190 × 65 mm
- Material: White cement
- Finish: White painted finish
- Suitable for interior and exterior use
- Minimum order quantity: 5 blocks (1 box)

IDEAL APPLICATIONS

- Decorative feature walls
- Outdoor screening
- Patio and braai areas
- Landscape features
- Contemporary interiors
- Ventilation walls
